ITEM 2 - MATERIAL CHANGES FOR THIS UPDATE

This last update prior to this one was October 18, 2019.

The reason for this update is the following:

Mr. Allison was formerly registered with two RIA firms. Another firm owned by Mr. Allison, First Coast Planning, LLC has filed a Form ADV-W for withdrawal as a Registered Investment Adviser as there is really no further need for Mr. Allison to own two RIA firms. As a result, all references to dual RIA registrations have been removed, since Mr. Allison now owns and is registered with only one Registered Investment Adviser firm which is Marian Financial Services, Inc.

Item 4. A. was updated to remove references to licensing in Indiana as we have less than five clients in Indiana and qualify for a de minimus exemption.

Item 4. B. was updated to add an additional service of stand-alone Financial Planning only services without Investment Management Services. In addition, Hourly Services was explained under this item.

Item 4. C. was updated to more clearly explain how stock portfolios are handled.

Item 4. E. updated with the December 31, 2019 assets under management figures.

Item 5. A. was updated to describe Financial Planning only services. In addition, a section was added to describe Hourly Services. Also, our fee schedule was lowered for households over \$500,000.

Item 11. B. was updated to describe additional conflicts of interests related to Schwab 529 plans, Mr. Allison's insurance and real estate licenses.

Item 14. B. was updated to remove references to solicitor payments as we do not pay solicitors for client referrals.

Please note that when you see the acronym "MFS" in this document, this is an abbreviation for our firm name Marian Financial Services, Inc.

ITEM 4 - ADVISORY BUSINESS

A. INFORMATION ABOUT OUR FIRM

Marian Financial Services, Inc. started operations in August of 2006. Richard Mark Allison is currently the 100% owner of the firm. Marian Financial Services, Inc., hereinafter referred to as “MFS”, is a Registered Investment Adviser with the State of Florida, Kentucky, and Texas. MFS may do business in other states as part of a *de minimus* exemption (less than five clients in a state.) MFS will obtain the required licensing in other states when required.

B. ADVISORY SERVICES OFFERED

MFS performs investment management or supervisory services and acts as a Portfolio Manager for client accounts on a discretionary basis. MFS designs and implements their own ETF Portfolios for clients of our firm. Financial Planning is included for clients who open an investment management account with our firm or with Morningstar Investment Services, Inc., at no additional fee upon request by a client. However, MFS can also be hired on a case-by-case basis for Financial Planning services on a negotiated flat fee basis, *only* if a client does not desire investment management services.

C. MONEY MANAGEMENT PROCESS AND RESTRICTIONS

Each investment account that we manage is based on one of our model portfolios described below with some potential for limited customization to the individual client. Clients may impose restrictions regarding in-kind securities held in their separate accounts, but generally not about investments from our model portfolios described below.

MFS Exchange Traded Fund Portfolios

MFS designs, implements and monitors Exchange Traded Funds (ETF) model portfolios to manage client accounts. We also build ETF portfolios custom tailored to the individual client. All our ETF Portfolios may hold some of the following asset classes listed below but are not limited to only these asset classes.

Equity Asset Classes:

Large Cap Growth	Mid-Cap Growth	Small Cap Growth
Large Cap Value	Mid-Cap Value	Small Cap Value
Large Cap Equal Weight	Mid-Cap Equal Weight	Small Cap Equal Weight
Large Cap Low Volatility	Mid-Cap Low Volatility	Small Cap Low Volatility
S&P 500 Sectors - Equal Weight	Asia Pacific	Europe
Frontier Markets	Micro-Cap	Commodities/MLP's
Gold/Silver	FTSE World Index ex-US	Emerging Markets
International Real Estate	MSCI EAFE Minimum Volatility	
MSCI EM Minimum Volatility	Real Estate	

Fixed Income Asset Classes:

Short Term Bonds	Intermediate Term Bonds	Sovereign Debt
Long Term Bonds	Target Date Bonds	FDIC Insured CD's
Inflation Protected (TIPS) Bonds	Emerging Market Local Currency Bonds	

Cash or Cash Equivalents

Cash & Bank Sweep Funds	Money Market Funds	Tax-free Money Market Funds
-------------------------	--------------------	-----------------------------

General ETF Portfolio Guidelines

We generally buy mostly the same ETF's in each ETF Portfolio, except in different percentages based on risk. Usually, we buy from 10 to 16 different ETF's. The MFS ETF Portfolios that we use generally hold the following percentages of equities (stocks) with the balance in Fixed Income (bonds) and Cash:

<i>Ultra-Income ETF</i>	40 - 55% Equities	60 – 45% Fixed Income & Cash
<i>Income ETF</i>	55 - 60% Equities	45 – 40% Fixed Income & Cash
<i>Growth & Income ETF</i>	55 - 65% Equities	45 – 35% Fixed Income & Cash
<i>Growth ETF</i>	65 - 75% Equities	35 – 25% Fixed Income & Cash
<i>Aggressive Growth ETF</i>	75 - 85% Equities	25 – 15% Fixed Income & Cash
<i>*Customized ETF/Stocks Portfolio</i>	30 - 85% Equities	15 – 70% Fixed Income & Cash

The percentages are guidelines and *may vary* based on the movement of the underlying securities held in each portfolio. Individual client requests and restrictions may alter the equity mix of the ETF portfolio chosen and therefore the performance of the portfolio. MFS offers limited investment advice on individual stocks and may include some stocks in a “Customized ETF/Stocks Portfolio” as shown above. MFS prefers to refer clients to Morningstar Investment Services, Inc. when a client desires a primarily stock portfolio. Morningstar Investment Services is an unaffiliated SEC Registered Investment Adviser. Their regulatory identification numbers are CRD # 8-53593 and SEC # 801-60401. See their Form ADV 2A, 2B, Appendix I, Privacy Policy and their Investment Management Agreement for more information which is available with a [Request for Proposal](#).

Note: Individual investor objectives, financial situations, their specific instructions or restrictions on investments or the time at which an account is opened, or additions are made may result in different trades and returns from our MFS ETF Portfolios. Performance for the other MFS ETF Portfolios (not chosen) may differ materially more or less than the MFS ETF Portfolio chosen for your account. It should not be assumed that future recommendations will be profitable or equal past MFS ETF Portfolio performance.

D. PARTICIPATION IN WRAP FEE PROGRAMS.

Our firm does not offer nor participant in wrap fee programs that are managed by MFS.

E. ASSETS UNDER MANAGEMENT

The amount of discretionary assets that we manage is \$6,633,276.15. The amount of non-discretionary assets that we manage is \$0.00. The total assets under management are \$6,633,276.15. These figures are as of December 31, 2019.

ITEM 5 - FEES AND COMPENSATION

A. FEE SCHEDULE

Investment Management Services (Portfolio Management)

These fees are negotiable, and the final fee schedule will be detailed in the Investment Advisory Contract. Our standard fee schedule for Investment Management Services is below:

\$1 to \$500,000	= 1.25% annually, payable quarterly
On the next \$500,001 - \$1,000,000	= 0.75% annually, payable quarterly
On the next \$1,000,001 and up	= 0.50% annually, payable quarterly

Financial Planning Services

On a case-by-case basis, MFS can be hired for Financial Planning *only* services for a negotiated flat fee that ranges from \$600 to \$1,800 per year. Financial Planning services are automatically included at no additional fee for clients who subscribe to Investment Management Services. Financial Planning *only* services is for clients who do not want Investment Management Services and is only offered on a case-by-case basis at a mutually agreeable fee.

Hourly Services

MFS charges \$100 per hour fee with a 4-hour time limit (\$400 total) for assisting clients with client requested services. An example of a client requested service would be assisting clients with Power of Attorney implementations and re-titling accounts at other firms due to the incapacity of a loved one. Another example would be to assist clients in the data gathering and the initial preparation needed to hire an attorney, or legal document preparation firm that will draft legal documents such as Revocable Living Trusts, Wills, Health Care Powers of Attorneys, Durable Powers of Attorneys, and related documents. This hourly fee is charged on a case-by-case basis and at the request of a client.

Selection of Other Advisors

Morningstar Investment Services, Inc. - Morningstar Managed Portfolios Program

Morningstar offers an assortment of money management options that include accounts with mutual funds, ETF's or Stocks. Morningstar's fee is non-negotiable, but our fee (MFS) is negotiable. The *maximum* fee schedule for these strategies are as follows:

- **Mutual Fund Asset Allocation** - Morningstar fee is 0.40% plus maximum MFS fee of 1.10% - total maximum fee = 1.50%

- **Active/Passive Asset Allocation** - Morningstar fee is 0.40% plus maximum MFS fee of 1.10% - total maximum fee = 1.50%
- **Retirement Income** - Morningstar fee is 0.40% plus maximum MFS fee of 1.10% - total maximum fee = 1.50%
- **Outcome Based/Focused** - Morningstar fee is 0.40% plus maximum MFS fee of 1.10% - total maximum fee = 1.50%
- **ETF Asset Allocation Strategies** - Morningstar fee is 0.30% plus maximum MFS fee of 1.10% - total maximum fee = 1.40%
- **Select Equity Portfolio Strategies** - Morningstar fee is 0.55% plus maximum MFS fee of 1.10% and maximum ABP* of 0.10% - total maximum fee = 1.75%

*With the recent elimination of trading commissions by Schwab and Fidelity, we expect that this 0.04% - 0.10% maximum fee will also be eliminated on Select Equity Portfolio Strategies. For now, however, we must assume this maximum ABP fee remains in place at both Fidelity and Schwab.

Fees and compensation for clients referred to Morningstar Investment Services, Inc. are provided in more detail in their Form ADV 2A, 2B, Appendix I and Investment Management Agreement. These documents are provided for clients with a Request for Proposal from Morningstar Investment Services, Inc.

B. PAYMENT OF FEES

Payment of Fees for Portfolio Management

Fees are paid quarterly in advance by deducting them from each client account.

C. CLIENT RESPONSIBILITY FOR THIRD PARTY FEES

Our firm currently uses commission-free ETF's from Charles Schwab & Co. Inc. Charles Schwab & Co. Inc. may also charge other fees such as interest on margin loans, wired funds fees, checkbook fees, insufficient funds fees and other fees disclosed in the Charles Schwab & Co. Inc. Pricing Guide which is available online at www.schwab.com or by calling 800-515-2157.

If a client chooses to invest in a Morningstar Managed Portfolio and chooses Charles Schwab & Co., Inc. as the custodian, then Schwab does not charge commissions for trading. Schwab may charge other fees such as interest on margin loans and cash management fees that are disclosed on their web site at www.schwab.com.

If a client chooses to invest in a Morningstar Managed Portfolio and chooses Fidelity Investments as the custodian, then Fidelity does not charge commissions for trading. Fidelity may charge other fees such as interest on margin loans and cash management fees that are disclosed on their web site at <https://www.fidelity.com/why-fidelity/pricing-fees>.

Other fees the clients may incur are related to the ETF's or mutual funds that are recommended or held in their accounts. These fees are charged by the ETF or mutual fund issuer/distributor and are not shared with Marian

Financial Services, Inc. Please review the specific ETF or mutual fund prospectus for a detailed disclosure of all related fees.

D. TERMINATION AND FEE REFUNDS

Clients may terminate their accounts with written notice to our home office. MFS retains the right to terminate their relationship with clients with either verbal or written notice. Upon termination by either MFS or the client, the effective date of termination shall be used as the ending date for valuation of the Account. The final charge for Investment Management services shall cover the period from the first day of the quarter to the termination date. Our fees are charged in advance. If termination of an account occurs, then Clients would receive a final bill for Investment Management services that would include the actual number of days that the account or accounts under management were in the quarter. Refunds would be paid for Clients who were charged in advance for any unused days in the quarter after the termination date.

E. OUTSIDE COMPENSATION FOR THE SALE OF SECURITIES TO CLIENTS

Neither, MFS nor its supervised persons accept any compensation for the sale of securities or other investment products, including asset-based sales charges or service fees from the sale of mutual funds.

ITEM 6 - PERFORMANCE BASED FEES

MFS does not accept performance-based fees or other fees based on a share of capital gains or capital appreciation of the assets of a client.

ITEM 7 - TYPES OF CLIENTS

MFS generally provides advisory services to the following types of clients:

- Individuals and High Net-Worth Individuals
- Trusts and Estates
- Charitable Organizations
- Limited Liability Companies
- Client owned businesses

Minimum Account Size

MFS requires a minimum investment of \$25,000 for ETF and mutual fund portfolios, unless reduced or waived. We normally accommodate client's family members who are younger and do not meet this minimum as a courtesy.

Clients referred to Morningstar Investment Services, Inc are subject to their account minimums. They have a minimum of \$5,000 to invest in Morningstar Mutual Funds. Other mutual fund portfolios require a \$50,000 minimum. ETF Portfolios have a minimum of \$25,000. Stock Portfolios have three options with minimums of \$75,000, \$150,000 and \$250,000 depending on the specific strategy chosen. See their Form ADV 2A, 2B, Appendix I,

and their Investment Management Agreement for more information which is available on request and with a Request for Proposal from Morningstar Investment Services, Inc.

ITEM 8 - METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

Investing involves risk and the potential for loss of principal. There is a risk of principal loss with our investment management strategy, because we invest in asset classes that are not guaranteed, but rather are subject to the volatility of the domestic and foreign stock and bond markets. The client assumes the risk of principal loss by opening an account with MFS.

MFS's securities analysis methods include technical analysis or charting, and fundamental analysis based on published research such as financial newspapers, magazines, web sites, and research material prepared by others, corporate rating services, annual reports, prospectuses, SEC filings and Company Press Releases. We rely primarily on independent research provided by Morningstar, Argus, Ned Davis and Charles Schwab & Co. Inc.

The investment strategies used to implement any investment advice to clients include: Long Term Purchases (securities held at least one year), Short Term Purchases (securities held less than one year), Short Term Trading (securities sold within 30 days), Short Sales, Margin Transactions and Option writing, including covered options, uncovered options or spreading strategies.

More specifically, MFS's investment strategies are based on Global Tactical Asset Allocation utilizing Equal-Weighted Equity Investments and Low Volatility Investments. Global Tactical Asset Allocation is based on Modern Portfolio Theory but utilizes occasional timing changes of asset classes. MFS may on occasion move clients to cash, increase, decrease, or eliminate exposure to certain asset classes. On occasion, we may also dollar cost into asset class positions based on market volatility. These changes in one of our portfolios require trades to be made each month which can decrease the overall performance of a portfolio, **if** the market trends up during the dollar cost averaging period. Conversely, dollar cost averaging is beneficial, **if** the market trends down during the dollar cost averaging period.

Morningstar Investment Services, Inc.

In advising clients of MFS investing in the Morningstar Managed Portfolios Program, we may select from their different offerings which include ETF's, mutual funds, and stock portfolios. These solutions are based on the information, research, asset allocation methodology and investment strategies of Morningstar Investment Services, Inc. Clients will receive a separate disclosure documents from Morningstar Investment Services, Inc. that more fully explains the risks involved in investing in their Managed Portfolios Program. Morningstar's disclosure documents are available on request prior to becoming a client of MFS and included with their Request for Proposal.

A. RISKS OF SPECIFIC SECURITIES UTILIZED

Our investment recommendations are primarily geared towards Exchange Traded Funds or ETF's based on an underlying index. Exchange Trade Funds have unique risks specific to the ETF asset class recommended. A summary of the major risks is detailed below. These risk summaries are not all inclusive. More details about each ETF

fund used in our recommendations can be found in the specific ETF fund's Summary Prospectuses, Full Prospectuses, Statement of Additional Information, Semi-annual and Annual Reports.

Equity or Stock ETF Risk Summary

Primary Risks

(For more specific risk information, refer to the individual ETF prospectus.)

An investment in an ETF Fund could lose money over short or even long periods. You should expect an ETF Fund's share price and total return to fluctuate within a wide range, like the fluctuations of the global stock market. An Equity or Stock ETF Fund's performance could be hurt by:

- *Stock market risk*, which is the chance that stock prices overall, will decline. Stock markets tend to move in cycles, with periods of rising prices and periods of falling prices. An ETF Fund's investments in foreign stock markets can be riskier than U.S. stock investments. The prices of foreign stocks and the prices of U.S. stocks have, at times, moved in opposite directions. In addition, an ETF Fund's target index may, at times, become focused in stocks of a sector, category, or group of companies.
- *Country/regional risk*, which is the chance that world events—such as political upheaval, financial troubles, or natural disasters—will adversely affect the value of securities issued by companies in foreign countries or regions. Because an ETF Fund may invest a large portion of its assets in securities of companies located in any one country or region, an ETF Fund's performance may be hurt disproportionately by the poor performance of its investments in that area. Country/regional risk is especially high in emerging markets.
- *Emerging markets risk*, which is the chance that the stocks of companies located in emerging markets will be substantially more volatile, and substantially less liquid, than the stocks of companies located in more developed foreign markets.
- *Currency risk*, which is the chance that the value of a foreign investment, measured in U.S. dollars, will decrease because of unfavorable changes in currency exchange rates. Currency risk is especially high in emerging markets.
- *Index sampling risk*, which is the chance that the securities selected for an ETF Fund, in the aggregate, will not provide investment performance matching that of the ETF Fund's target index. Index sampling risk is also known as "tracking risk," because it fails to accurately track the performance of the index it is following as an investment strategy.

Fixed Income or Bond ETF Risk Summary

Primary Risks

(For more specific risk information, refer to the individual ETF prospectus.)

Bond ETF Funds can also move up or down depending on the current strength or weakness of the overall economies of the country issuing the bonds, or the government or corporate issuer. The Bond ETF Fund's performance could be hurt by:

- *Interest rate risk*, which is the chance that bond prices overall will decline because of rising interest rates. Interest rate risk should be low for a Bond ETF Fund that invests mainly in short-term bonds, whose prices are much less sensitive to interest rate changes than are the prices of long-term bonds.
- *Income risk*, which is the chance that a Bond ETF Fund's income will decline because of falling interest rates. Income risk is generally high for short-term bond funds, so investors should expect the Fund's monthly income to fluctuate.
- *Credit risk*, which is the chance that a bond issuer will fail to pay interest and principal in a timely manner, or that negative perceptions of the issuer's ability to make such payments will cause the price of that bond to decline. Corporations do go bankrupt and in turn, fail to pay interest and principal. Credit risk ordinarily should be lower for Bond ETF Fund that purchases only bonds that are issued by the U.S. Treasury or are of investment-grade quality. However, it is always possible that even U.S. Treasury debt can be downgraded, thus subjecting it to interest rate risk and income risk, in addition to Credit risk.
- *Sovereign debt risk*, which is the chance that the country issuing the debt will default. Going back historically, there is a litany of countries who have defaulted on their debt in the past. Given that it has happened in the past, we must assume that it may also happen in the future. A relatively recent example of Sovereign Debt problems are the countries that make up the acronym, "PIIGS." The countries with Sovereign Debt problems that this acronym represents are Portugal, Ireland, Italy, Greece and Spain. When a country loses its credit rating or it is discovered that they are having trouble paying their debt, then the price that they must pay investors (the interest rate) goes up and the price of these bonds, go down in value. See Credit Risk above.
- *Index sampling risk*, which is the chance that the securities selected for a Bond ETF Fund, in the aggregate, will not provide investment performance matching that of the Bond ETF Fund's target index. Index sampling risk is also known as "tracking risk," because it fails to accurately track the performance of the index it is following as an investment strategy.

Exchange Risks

Because ETF Shares are traded on an exchange, they are subject to additional risks:

ETF Shares may be listed for trading on NYSE Arca and can be bought and sold on the secondary market (other Exchanges or Over-the-Counter) at market prices. Although it is expected that the market price of an ETF Share typically will approximate its net asset value (NAV), there may be times when the market price and the NAV vary significantly. Thus, you may pay more than NAV when you buy ETF Shares on the secondary market, and you may receive less than NAV when you sell those shares.

Although ETF Shares may be listed for trading on NYSE Arca or other exchange, it is possible that an active trading market may not be maintained. An example of this phenomenon was the May 6, 2010 so-called "Flash Crash." On this date, solid quotes for several ETF's and listed stocks for that matter were difficult to come by because of various reasons, but some news reports attributed the Flash Crash to "stub quotes." A stub quote example is where the market maker puts out a Buy price of say \$45.25, but also puts out a Sell price of 0.01. Market makers are required to quote both a Buy and a Sell price. Obviously, they were thinking that no one in their right mind would sell at their one cent price. However, in a fast-moving market, stop loss orders, become market orders, once they move through

the stop loss price. For example, an investor could have had a stop loss price of \$40.00. Therefore, like in this example, the Sell price was \$0.01, so these stop loss orders were executed at the next price which just so happened to be the stub quote price of \$0.01. The SEC stepped in and cancelled a lot of these trades that fell outside a 60% price movement range, but there was still significant risk of principal loss for the trades that did not get cancelled. Our firm **does not** use stop loss orders for this very reason. However, if you as an investor place an order yourself without guidance and knowledge of this issue, then you could subject yourself to this kind of risk.

Trading of ETF Shares on NYSE Arca may be halted if NYSE Arca officials deem such action appropriate, if ETF Shares are delisted from NYSE Arca, or if the activation of market wide “circuit breakers” halts stock trading generally. In fact, the SEC has implemented a new rule because of the “Flash Crash” on May 6, 2010 that has these circuit breaker requirements. The fact that this is a relatively new rule, it is difficult to ascertain what will happen when another fast-moving market arrives. Therefore, this risk is hard to quantify, but nevertheless, we must assume this risk can negatively impact a portfolio.

ETF Funds are Not Guaranteed or Insured

An investment in an ETF Fund is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

Cybersecurity Risks

MFS, ETF issuers, mutual fund issuers, banks and custodians are all subject to cybersecurity risks. Cybersecurity risks are those risks where the electronic information of these firms may become compromised by criminals. Unfortunately, it is not possible to be 100% secure from cybersecurity risks in today's environment. However, all these types of firms, including MFS do their best to ensure that cybersecurity risks are kept to an absolute minimum.

Our firm, MFS, uses two factor authentication, fingerprint identification and facial identification to access sensitive client data on our electronic devices (computers, tablets, and cell phones.) In addition, we have backup systems in place in the cloud that allow us to maintain backup copies of client data and allow us to continue to serve our clients even if our electronic devices were lost or stolen.

Further, we utilize a secure email system that allows us to pre-screen the source of all emails without fear of any emails invading our computers. We are able to read emails as a .txt file, before we allow the email to go through. This allows us to see if it is a legitimate email or a dangerous one. We monitor daily the sources of all emails. Our secure email system allows us to **block emails permanently** from specific email addresses, specific domains (anydomain.com), top-level domains (.shop), country based domains (.ru (Russia)), spoofed domains (belsouth.net - misspelled to make it look legitimate) and specific IP addresses (0.0.0.0) which often times are the true source of the phishing attempts. All of our secure email processing is time intensive, crucial to our business and we take it very seriously. We are confident in our controls that we have in place to protect our firm and clients.

ITEM 9 - DISCIPLINARY INFORMATION

A. DISCIPLINARY INFORMATION

There are no disciplinary events that involve our firm, Marian Financial Services, Inc. or our principal officer Richard M. Allison.

ITEM 10 - OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

A. REGISTRATION AS A BROKER-DEALER OR BROKER-DEALER REPRESENTATIVE

MFS is not affiliated with any broker-dealer nor is our investment adviser representative, Mr. Allison.

B. REGISTRATION RELATED TO COMMODITIES TRADING OR ADVISING

Neither MFS, nor its investment adviser representative, Mr. Allison is affiliated with any commodities firm or commodities exchange.

C. REGISTRATION RELATIONSHIPS AND POSSIBLE CONFLICTS OF INTEREST

Charles Schwab & Co. Inc. is our primary custodian for client accounts. Marian Financial Services, Inc. does not hold custody of client's accounts. Client accounts are held at Charles Schwab & Co. Inc. and their affiliate Charles Schwab Bank. Some 529 Accounts are held with Charles Schwab through their relationship with American Century Mutual Funds. All servicing for Schwab 529 plans is done through Charles Schwab's 529 Plan department. We currently do not charge any fees for Schwab 529 plans, but Schwab 529 plans do have fees that you can see by visiting www.schwab.com/529. There are other 529 providers besides Schwab's 529 plans and this may constitute a conflict of interest.

Although there are other custodians in the investment advisory marketplace, we prefer to place our client's accounts with Charles Schwab & Co. Inc., because they are the largest custodian for registered investment advisers in the marketplace and a well-known brand to consumers. In addition, they offer a great web site for clients, zero commissions for trades, a broad suite of investments including mutual funds and ETF's that, all totaled, allows us to service our clients in an efficient manner, in our opinion. The fact that we use Charles Schwab & Co. Inc. as a custodian for our client accounts and do not use other custodians for our ETF Portfolios may constitute a conflict of interest. Other custodians may offer custodial services at the same or a lower cost. Clients are advised to consider this before doing business with our firm.

Through our relationship with Morningstar and their Managed Portfolios, we are able to offer an alternative custodian which is Fidelity Investments. Fidelity Investments is also a very well-known custodian for registered investment advisers. However, this option is only available if you choose a Morningstar Managed Portfolio. With Morningstar Managed Portfolios, you have a choice between Fidelity Investments or Charles Schwab & Co., Inc. Other qualified custodians are available through Morningstar Investment Services, but we do not offer these other qualified custodians. This may constitute a conflict of interest.

Mr. Allison is a licensed insurance agent and if you place any insurance business through Mr. Allison, then this may constitute a conflict of interest since this would be compensation over and above his compensation from Marian Financial Services, Inc.

Mr. Allison is a licensed real estate agent with INI Realty Referral, Inc. and if you allow him to refer you to a real estate agent, broker, or real estate brokerage firm, then Mr. Allison may earn a referral fee. This may constitute a conflict of interest since this would be compensation over and above his compensation from Marian Financial Services, Inc.

D. SELECTION OF OTHER ADVISORS

For some client situations, we may recommend a Managed Portfolio from Morningstar Investment Services. We have a relationship with Morningstar Investment Services who offers various Managed Portfolios. Morningstar has their own fee schedule and our firm adds our fee on top of Morningstar's fee. See Item 5. A. Fee Schedule above for more details about Morningstar's fees.

ITEM 11 - CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

A. CODE OF ETHICS

MFS has a written Code of Ethics that covers the following areas: Prohibited Purchases and Sales, Insider Trading, Personal Securities Transactions, Exempted Transactions, Prohibited Activities, Conflicts of Interest, Gifts and Entertainment, Confidentiality, Service on a Board of Directors, Compliance Procedures, Compliance with Laws and Regulations, Personal Securities Transactions, Procedures and Reporting, Certification of Compliance, Reporting Violations, Compliance Officer Duties, Training and Education, Recordkeeping, Annual Review, and Sanctions. You may request to see our code of ethics. For a copy of the code of the Code of Ethics, please ask your financial advisor.

B. RECOMMENDATIONS INVOLVING MATERIAL FINANCIAL INTERESTS

MFS does not participate or have an interest in Client Transactions. We do not share profits or losses with clients. All fees earned by our custodian Charles Schwab & Co. Inc., or Fidelity Investments through our relationship with Morningstar Managed Portfolios is not shared with MFS.

C. INVESTING PERSONAL MONEY IN THE SAME SECURITIES AS CLIENTS

From time to time, Mr. Allison of MFS may buy or sell securities for himself or family members that he also recommends to clients. These trades may be done prior to, at the same time, or after trades for other clients. However, we strive to avoid placing our interests above those of our clients with these trades.

D. TRADING SECURITIES AT/AROUND THE SAME TIME AS CLIENTS' SECURITIES

If Mr. Allison places a trade for his own account (or family members) that is related to one of our ETF Model Portfolios, it is usually done at the same time as trading decisions are made for our clients. Because of this rule, we hope to remove any kind of favoritism for the personal trading of Mr. Allison or his family members as opposed to our clients. Some trades are based solely as a result of a new contribution to an account, and therefore are not in conflict with other clients.

ITEM 12 - BROKERAGE PRACTICES

A. FACTORS USED TO SELECT CUSTODIANS AND/OR BROKER-DEALERS

The custodian and brokers we use. Our firm does not maintain custody of your assets that we manage, although we may be deemed to have custody of your assets if you give us authority to withdraw assets from your account (see Item 15—Custody, below). Your assets must be maintained in an account at a “qualified custodian,” generally a broker-dealer or bank. We primarily recommend that our clients use Charles Schwab & Co., Inc. (Schwab), a registered broker-dealer, member SIPC, as the qualified custodian, but we also offer Fidelity Investments as an option through Morningstar Managed Portfolios. We are independently owned and operated and are not affiliated with Schwab, or Fidelity. Schwab or Fidelity will hold your assets in a brokerage account and buy and sell securities when we or you instruct them to. While we recommend that you use Schwab as our primary custodian/broker, you will decide whether to do so and will open your account with Schwab by entering into an account agreement directly with them. We do not open the account for you, although we may assist you in doing so. Even though your account is maintained at Schwab, we can still use other brokers to execute trades for your account as described below (see “Your brokerage and custody costs”).

Other brokers/custodians that we can recommend. We can also accommodate clients who would rather have their accounts held at Fidelity Investments through our relationship with Morningstar Investment Services, Inc.

How we select brokers/custodians. We seek to select a custodian/broker that will hold your assets and execute transactions on terms that are, overall, most advantageous when compared with other available providers and their services. We consider a wide range of factors, including:

- Combination of transaction execution services and asset custody services (generally without a separate fee for custody)
- Capability to execute, clear, and settle trades (buy and sell securities for your account)
- Capability to facilitate transfers and payments to and from accounts (wire transfers, check requests, bill payment, etc.)
- Breadth of available investment products (stocks, bonds, mutual funds, exchange-traded funds (ETFs), etc.)
- Availability of investment research and tools that assist us in making investment decisions
- Quality of services
- Competitiveness of the price of those services (commission rates, margin interest rates, other fees, etc.) and willingness to negotiate the prices
- Reputation, financial strength, and stability
- Prior service to us and our other clients
- Availability of other products and services that benefit us, as discussed below (see “Products and services available to us from Schwab”)

Your brokerage and custody costs. For our clients’ accounts that Schwab maintains, Schwab generally does not charge you separately for custody services but is compensated by earning fees in various ways from your Schwab account. See the Schwab Advisor Services Pricing Guide for more details.

Products and services available to us from Schwab. Schwab Advisor Services™ (formerly called Schwab Institutional®) is Schwab’s business serving independent investment advisory firms like us. They provide us and our clients with access to its institutional brokerage services (trading, custody, reporting, and related services), many of which are not typically available to Schwab retail customers. Schwab also makes available various support services. Some of those services help us manage or administer our clients’ accounts, while others help us manage and grow our business. Schwab’s support services are generally available on an unsolicited basis (we don’t have to request them) and at no charge to us. Following is a more detailed description of Schwab’s support services:

Services that benefit you. Schwab’s institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Schwab’s services described in this paragraph generally benefit you and your account.

Services that may not directly benefit you. Schwab also makes available to us other products and services that benefit us but may not directly benefit you or your account. These products and services assist us in managing and administering our clients’ accounts. They include investment research, both Schwab’s own and that of third parties. We may use this research to service all or a substantial number of our clients’ accounts, including accounts not maintained at Schwab. In addition to investment research, Schwab also makes available software and other technology that:

- Provide access to client account data (such as duplicate trade confirmations and account statements)
- Facilitate trade execution and allocate aggregated trade orders for multiple client accounts
- Provide pricing and other market data
- Facilitate payment of our fees from our clients’ accounts
- Assist with back-office functions, recordkeeping, and client reporting

Services that generally benefit only us. Schwab also offers other services intended to help us manage and further develop our business enterprise. These services include:

- Educational conferences and events
- Consulting on technology, compliance, legal, and business needs
- Publications and conferences on practice management and business succession
- Access to employee benefits providers, human capital consultants, and insurance providers

Schwab may provide some of these services itself. In other cases, it will arrange for third-party vendors to provide the services to us. Schwab may also discount or waive its fees for some of these services or pay all or a part of a third party’s fees. Schwab may also provide us with other benefits, such as occasional business entertainment of our personnel.

Our interest in Schwab’s services. The availability of these services from Schwab benefits us because we do not have to produce or purchase them. We don’t have to pay for Schwab’s services. We may have an incentive to recommend that you maintain your account with Schwab, based on our interest in receiving Schwab’s services that benefit our business rather than based on your interest in receiving the best value in custody services and the most

favorable execution of your transactions. This is a potential conflict of interest. We believe, however, that our selection of Schwab as custodian and broker is in the best interests of our clients. Our selection is primarily supported by the scope, quality, and price of Schwab's services (see "How we select brokers/custodians") and not Schwab's services that benefit only us.

Brokerage for Client Referrals

Charles Schwab & Co. Inc. does not provide client referrals to our firm.

Directed Brokerage

While acting as a fiduciary, MFS endeavors to act in its clients' best interests. MFS's recommendation that clients maintain their assets in accounts at Schwab may be based in part on the benefit to MFS of the availability of some of the foregoing products and services and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest. By directing brokerage transactions through Charles Schwab & Co. Inc., our firm may not be able to achieve the most favorable execution of client transactions in comparison to competitors of Charles Schwab & Co. Inc. This practice of recommending Charles Schwab & Co. Inc. may potentially cost a client money due to the possibility that best execution for client transactions may be obtained at other custodians or competitors of Charles Schwab & Co. Inc.

ITEM 13 - REVIEW OF ACCOUNTS

A. FREQUENCY AND NATURE OF PERIODIC REVIEWS AND WHO MAKES THOSE REVIEWS

Richard M. Allison, CASL®, CFP®, CMFC®, RFC® is the *Portfolio Manager* and performs the review of client accounts. Informal reviews are conducted quarterly with Formal reviews conducted annually. The *Portfolio Manager* will also make changes to client's portfolios due to market conditions at his discretion without contacting the client in advance.

B. FACTORS THAT WILL TRIGGER A NON-PERIODIC REVIEW OF CLIENT ACCOUNTS

Reviews may be triggered by material market, economic or political events, or by changes in clients' financial situations such as retirement, termination of employment, physical move, or inheritance.

C. CONTENT AND FREQUENCY OF REGULAR REPORTS PROVIDED TO CLIENTS

Clients will receive at least a quarterly statement of account from the custodian, Charles Schwab or Fidelity Investments. If there is enough activity to warrant a monthly statement, then the custodian may also provide a monthly statement to the client. Our firm offers some reporting on Charles Schwab accounts to help with client meetings and at tax time, but we found that most clients rely on the statements from Charles Schwab, therefore we no longer automatically provide quarterly account statements generated by our firm. We may still do so as a courtesy, however.

In addition, for clients of Morningstar Investment Services, they provide reports to clients. We do not provide account statements from accounts affiliated with Schwab or Fidelity as Morningstar Managed Portfolios provides those statements. We recommend that clients compare the statement from Charles Schwab, or Fidelity and Morningstar Investment Services to verify their accuracy.

Note: Client statements provided by Charles Schwab or Fidelity are the account statements to rely on for clients of MFS.

ITEM 14 - CLIENT REFERRALS AND OTHER COMPENSATION

A. ECONOMIC BENEFITS PROVIDED BY THIRD PARTIES FOR ADVICE RENDERED TO CLIENTS

MFS does not receive any economic benefits by third parties for advice rendered to our clients. However, our firm principal, Richard M. Allison may receive certain allowances, reimbursements or services such as airline or hotel discounts, meals including refreshments and special entertainment such as city tours or musical guests for attending training events or promotional events sponsored by third party companies such as insurance companies, investment companies, other investment advisers or custodians.

B. COMPENSATION PAID TO SOLICITORS WHO REFER CLIENTS TO OUR FIRM

MFS does not have Solicitor agreements with other investment adviser representatives who refer clients to our firm.

ITEM 15 - CUSTODY

MFS does not hold custody of its client's accounts other than to deduct our fees directly from client accounts if so authorized. Client accounts are held at Charles Schwab who meets the definition of a "qualified custodian." Clients will receive custodial statements directly from Charles Schwab & Co., Inc. at least quarterly.

Morningstar Investment Services, Inc. - Managed Portfolios Program

Morningstar provides a choice of qualified custodians which are BNY Mellon (Pershing), Charles Schwab & Co, Inc., Fidelity Investments, Inc. and TD Ameritrade. However, MFS only uses Charles Schwab & Co., Inc. and Fidelity Investments. We do not currently use BNY Mellon (Pershing) or TD Ameritrade as an option at this time for clients we refer to Morningstar but reserve the right to do so in the future. Please refer to the Morningstar Investment Services, Inc. disclosure documents for more information about these qualified custodians.

ITEM 16 - INVESTMENT DISCRETION

MFS is a discretionary investment manager. This means that we do not have to consult you before we make trades on your behalf. Initially however, we do consult you as to which positions to maintain and which positions can be sold.

ITEM 17 - VOTING CLIENT SECURITIES

A. PROXY VOTING

MFS does not vote client securities. We feel it is in a client's best interest to receive their own proxy materials and vote as they wish. Clients will receive proxies directly from the issuer of the security or the custodian. Clients should direct all proxy questions to the issuer of the security or custodian. When we refer clients to Morningstar Investment Services, Inc., then this means that their policies and procedures determine proxy voting. See their disclosure documents for more details about how they handle proxy voting.

B. AUTHORITY

MFS does not vote client securities and even if a client *inadvertently* grants our firm authority to vote proxies on their behalf, we will not do so no matter what. MFS does not have authority to vote client securities for clients referred to Morningstar Investment Services, Inc.

ITEM 18 - FINANCIAL INFORMATION

A. BALANCE SHEET

MFS neither requires nor solicits prepayment of more than \$1,200 in fees per client, six months or more in advance, and therefore is not required to include a balance sheet with this brochure.

B. FINANCIAL CONDITIONS RELATED TO CUSTODY AND DISCRETION

This is not applicable to MFS since we do not have custody of client accounts other than to deduct our management fees directly from client accounts.

C. BANKRUPTCY PETITIONS IN PREVIOUS TEN YEARS

Neither MFS nor its principal, Richard M. Allison (or the former Richard Allison Johnson) have been the subject of a bankruptcy petition in the last ten years.

ITEM 19 - REQUIREMENTS FOR STATE REGISTERED INVESTMENT ADVISERS

A. MANAGEMENT PERSONS EDUCATION AND BUSINESS BACKGROUND

The principal officer for MFS is Richard M. Allison. Mr. Allison is the President and Chief Compliance Officer for the firm. Information about Mr. Allison education and business background can be found in his Form ADV 2B brochure supplement which is provided to clients.

B. OTHER BUSINESS ACTIVITIES OF THE PRINCIPAL OFFICERS AND ADVISERS

Mr. Allison is the only officer of our firm and only investment adviser representative. Information about Mr. Allison and his other businesses can be found in his Form ADV 2B brochure supplements which is provided to clients.

C. CALCULATION OF PERFORMANCE BASED FEES AND DEGREE OF RISK TO CLIENTS

Our firm is not compensated for advisory services with performance-based fees.

D. MATERIAL DISCIPLINARY DISCLOSURES FOR MANAGEMENT PERSONS OF THIS FIRM

There are no disciplinary events that involve our firm, Marian Financial Services, Inc. or our principal officer, Richard M. Allison.

E. MATERIAL RELATIONSHIPS THAT THE PRINCIPALS HAVE WITH ISSUERS OF SECURITIES

There are no material relationships that the principals have with the issuers of any securities.

MINIMUM QUALIFICATIONS FOR FINANCIAL DESIGNATIONS

CFP® - CERTIFIED FINANCIAL PLANNER™ DESIGNATION

The CFP® is granted by the Certified Financial Planner Board of Standards.

Mr. Allison earned the CFP® License on 12/1/1992. His License number is 045467.

The requirements for obtaining and maintaining the CFP® designation is granted by the Certified Financial Planner Board of Standards. Their website is located at <http://www.cfp.net>. A synopsis of the requirements to obtain the CFP® designation is as follows:

A) EDUCATION REQUIREMENT

Before applying for the CFP® Certification Examination, you need to complete the education requirements set by CFP Board. You can fulfill the education requirement through one of three paths:

- 1) Complete a CFP Board-Registered Education Program
- 2) Apply for Challenge Status
- 3) Request a Transcript Review

B) BACHELOR'S DEGREE REQUIREMENT

A bachelor's degree (or higher), or its equivalent, in any discipline, from an accredited college or university¹ is required to attain CFP® certification. The bachelor's degree requirement for the CFP® certification became effective March 1, 2007. At the time, Mr. Allison (formerly Mr. Johnson) was granted the CFP® designation, there was not a bachelor's degree requirement in effect. However, he has earned his bachelor's degree as of May 13th, 2017. He holds a Bachelor of Arts in Criminal Justice with a Personal Finance Minor from the University of Arkansas-Little Rock.

¹ An "accredited college or university" is one that has been accredited by an accreditation body recognized by the U.S. Department of Education. To confirm a school's accreditation please visit the [Department of Education's Web site](http://ope.ed.gov/accreditation/Search.aspx) (ope.ed.gov/accreditation/Search.aspx).

C) PASS THE CFP® CERTIFICATION EXAMINATION

The CFP® Certification Examination tests your ability to apply your financial planning knowledge to client situations. The 10-hour exam is divided into three separate sessions. Because of the integrated nature of financial planning, however, each session may cover all topic areas. All questions are multiple choice, including those questions related to case problems.

At the time, he studied for the CFP® designation, there were six individual three-hour exams that he had to pass, 18 hours total, instead of the 10-hour examination that is in effect today. In addition, each test included essay and multiple-choice questions as opposed to today where it is all

multiple-choice questions. He completed all six exams consecutively without fail over a two-year period and was granted the CFP® designation and license on December 1, 1992. Each course was considered 3 hours of college equivalent credit or 18 hours total.

The course curriculum that he took was based on these six areas of study:

- Estate Planning
- Retirement Planning
- Insurance Planning & Risk Management
- Investment Planning
- General Principles of Financial Planning
- Tax Planning

D) MEET THE EXPERIENCE REQUIREMENT

At least three years of qualifying full-time work experience are required for certification. Qualifying experience includes work that can be categorized into one of the six primary elements of the personal financial planning process. Experience can be gained in many ways including:

- The delivery of all, or of any portion, of the personal financial planning process to a client.
- The direct support or supervision of individuals who deliver all, or any portion, of the personal financial planning process to a client.
- Teaching all or any portion of the personal financial planning process.

He obtained his life insurance license in 1984 and his securities licenses in 1988. He qualified for the three years of full-time work experience prior to obtaining his certification in 1992.

E) PASS CANDIDATE FITNESS STANDARDS AND BACKGROUND CHECK

Applicants for CFP® certification must pass CFP Board's *Candidate Fitness Standards*, which describe conduct that will or may bar an individual from being certified. After you have met the education, examination and work experience requirements, you must disclose past or pending litigation or agency proceedings and agree to abide by CFP Board's *Code of Ethics and Professional Responsibility, Rules of Conduct* and *Financial Planning Practice Standards*. A background check will also be conducted.

He passed the initial background check and met the CFP Board's Candidate Fitness Standards and continues to meet these standards today. He will gladly have his fingerprints taken and submit them to the FBI and then have the results mailed to any client who requests them.

F) PAY CERTIFICATION FEES

Upon successfully completing the first three steps, fees will apply as follows:

- A one-time, non-refundable initial certification application fee of \$150 for the background checks as noted above.
- An annual certification fee (subject to change by the CFP® Board.)
- He has paid the required fees to maintain his CFP® certification continuously since it was first granted on December 1, 1992.

CERTIFIED FINANCIAL PLANNER™

G) AUTHORIZATION TO USE THE CFP®, CERTIFIED FINANCIAL PLANNER™ AND MARKS.

He received his authorization to use the CFP® Designation and mark on December 1, 1992. To maintain the CFP® designation, he must complete 30 hours of Continuing Education in the field of Financial Planning every two years. He has continuously complied with the 30 hours of Continuing Education requirement each reporting period since he first earned the right to use the CFP® mark.

Verification that Mr. Allison does indeed hold the CFP® Designation as claimed in this document can be obtained by visiting the Certified Financial Planner Board of Standards web site at www.cfp.net or by calling 800-487-1497.

CASL® - CHARTERED ADVISOR FOR SENIOR LIVING®

The CASL® is granted by The American College of Financial Services, Bryn Mawr, Pennsylvania.

He was granted the CASL® designation on August 1, 2005.

A CASL® (Chartered Advisor for Senior Living™) is a financial services professional who is uniquely qualified to work with mature clients and those planning for retirement. A CASL® has the specific knowledge and experience to enhance the quality of your later years by assisting you with important investment, health insurance, retirement and estate planning decisions. A CASL® can provide guidance and assistance on a broad range of financial and senior lifestyle topics including:

- Saving for retirement
- Structuring distributions from pensions, 401(k)s, 403(b)s, IRAs, and Social Security
- Planning for health and long-term care needs
- Developing effective estate planning strategies

A) EXPERIENCE

The experience requirement for the CASL® designation may be satisfied by EITHER of the following:

- Achieving the experience requirements for The College's CLU®, ChFC®, RHU®, REBC®, and CLF® designations, OR
- Advising clients on financial and/or practical matters relating to their retirement years or on issues dealing with aging for at least three of the five years preceding the awarding of the designation. The same rules for part-time qualifying experience count for this type of work experience as count toward the CLU® and ChFC® designations.

B) CODE OF ETHICS

Each designee will be required to adhere to The American College's Code of Ethics and Procedures. Embodied in the Code are the Professional Pledge and the eight Canons.

C) CONTINUING EDUCATION

Each designee must complete 15 hours of continuing education every two years with the additional condition that at least 10 of these hours should be in course work directly related to the course work required to obtain this designation. The CE requirements for the CASL® designation are administered by the PACE Recertification Program.

The CASL® designation has five required courses which are:

- HS 328 Investments
- HS 330 Fundamentals of Estate Planning
- HS 350 Understanding the Older Client
- HS 351 Health and Long-Term Care Financing for Seniors
- HS 352 Financial Decisions for Retirement

Each CASL course is considered 3 hours of college equivalent credit or 15 hours total.

Note: The CASL® designation is considered a legacy designation by The American College meaning that it is no longer offered. Current CASL® designation holders may maintain their CASL® designation by paying their fee to The America College and continuing to fulfill the ethics and continuing education requirements each reporting period.

RFC® - REGISTERED FINANCIAL CONSULTANT® DESIGNATION

The RFC® is granted by the International Association of Registered Financial Consultants.

He was granted the RFC® Designation on October 1, 2004.

The International Association of Registered Financial Consultants (IARFC) is a nonprofit professional credential organization of proven financial professionals formed to foster public confidence in the financial planning profession to help financial advisors exchange planning techniques, and to give deserved recognition to those practitioners who are truly committed to ethical standards and continuous professional education.

Because there are no consistent licensing requirements for the various persons who call themselves financial planners the public has a critical need for a method of distinguishing the qualified and dedicated financial advisor.

The IARFC provides the public with a convenient access to a pool of well-qualified practitioners from which to choose a financial advisor. It is the only professional organization that requires all its members to meet and document seven stringent requirements, of education, experience, examination, integrity, licensing, ethics and a significant amount of professional education.

1. REQUIREMENTS FOR THE RFC® DESIGNATION

A) EXPERIENCE.

Applicant must have a minimum of four years of experience as a full-time practitioner or educator in the field of financial planning or financial services.

B) EDUCATION.

Applicant must have earned a baccalaureate or graduate degree in financial planning services with strong emphasis in subjects relating to economic, accounting, business, statistics, finance, and similar studies; or have earned one of the following professional degrees or designation: AAMS, CFA, CFP®, ChFC, CLU, CPA, EA, JD, or completed a CFP® equivalent or IARFC approved curriculum at an accredited college or university. The new Financial Planning Process™ course curriculum qualifies.

He qualified for this Education provision by already having attained the CFP® Designation, but also has a baccalaureate degree as of May 13th, 2017.

C) EXAMINATION.

The educational curriculum must have included a written examination process. If not, an experienced candidate must pass an RFC challenge examination.

D) LICENSING.

Applicant must have met local licensing requirements for all products offered, such as securities, life and health insurance; or an applicant who is a fee-only planner or trust officer and is not

licensed must submit information on the applicant's RIA or an RIA affiliation or business conduct procedures.

E) INTEGRITY.

Applicant must have a clean record of personal and business integrity with no suspensions or revocation of any professional licenses.

F) ETHICS.

Applicant must subscribe and continually adhere to the RFC Code of Ethics.

G) CONTINUING EDUCATION.

All members must conduct a minimum of 40 hours per year of Professional Continuing Education in the field of personal finance and professional practice management.

H) ETHICS CE.

Must complete an IARFC approved CE course or curriculum on operational ethics and standards of conduct consisting of two units every two years.

I) COMPLIANCE.

Annually the RFC® must provide assurance of continued compliance and operation.

J) PLAN WRITING CAPACITY.

The member must provide evidence that the member can produce a high-quality personal financial plan. (Effective 2009) The Financial Planning Process™ includes this component, but the applicant may use any planning structure or software.

Note: The RFC® designation is not an accredited designation. The IARFC, the governing body for the RFC® has instituted a new financial designation that is accredited called the Master Registered Financial Consultant, or MRFC®. Mr. Allison is not currently a MRFC®.

CMFC® - CHARTERED MUTUAL FUND COUNSELOR® DESIGNATION

The CMFC® is granted by the College for Financial Planning.

He was granted the CMFC® Designation on March 2, 1998.

The CMFC Program is the only industry-recognized mutual fund designation. It is the result of collaboration between the College for Financial Planning® and the Investment Company Institute (ICI),

the primary trade association for the mutual fund industry. The program's quality and thoroughness reflect the combined experience and expertise of the College and the ICI.

This program provides you with a thorough knowledge of mutual funds and their various uses as investment vehicles. As a graduate of the program, you can approach mutual funds with a new understanding and confidence, as well as having the ability to communicate that confidence to your clients.

A) REQUIREMENTS

The College for Financial Planning® awards the CHARTERED MUTUAL FUND COUNSELORSM AND CMFC® designation to students who successfully complete the program must;

- Pass the final examination; and
- Comply with the Code of Ethics, which includes agreeing to abide by the Standards of Professional Conduct and Terms and Conditions. Applicants must also disclose of any criminal, civil, self-regulatory organization, or governmental agency inquiry, investigation, or proceeding relating to their professional or business conduct. Conferment of the designation is contingent upon the College for Financial Planning's review of matters either self-disclosed or which are discovered by the College that are required to be disclosed.
- Students must sign and return the Code of Ethics forms within six months of passing the final exam. Failure to complete and submit the forms within this time frame may result in termination of the individual's candidacy. If an individual wishes to apply for authorization to use the Marks in the future, he or she may be required to fulfill the initial designation requirements in place at the time of passing the exam.

Successful students receive a certificate and are granted the right to use the designation on correspondence and business cards for a two-year period.

B) CONTINUED USE

Continued use of the CMFC® designation is subject to ongoing renewal requirements. Every two years individuals must renew their right to continue using the CMFC® designation by:

- Completing 16 hours of continuing education;
- Reaffirming to abide by the Standards of Professional Conduct, Terms and Conditions, and self-disclose any criminal, civil, self-regulatory organization, or governmental agency inquiry, investigation, or proceeding relating to their professional or business conduct; and
- Paying a biennial renewal fee of \$95.

C) CHARTERED MUTUAL FUND COUNSELOR® COURSE CURRICULUM:

- Introduction to Mutual Funds
- Open & Closed End Funds: Types & Characteristics
- Other Packaged Investment Products
- Risk/Return: Part I
- Risk/Return: Part II
- Asset Allocation
- Selecting a Mutual Fund for a Client
- Retirement Planning
- Ethics, Integrity & Professional Conduct

Item 3 - Disciplinary Information

Mr. Allison has a clean insurance, securities and investment adviser background history and therefore he has no disciplinary information on his record pertaining to any licenses and or designations that he has held in the past or currently holds today in Florida or any other state.

Additional information about Richard Mark Allison is available on the SEC's website at www.adviserinfo.sec.gov.

Item 4 - Other Business Activities

RIA RULES, LLC

Richard Mark Allison owns 100% of RIA Rules, LLC (non-investment related) which is a firm where he conducts his compliance consulting activities for other Registered Investment Adviser firms. His web site is located at: <http://www.riarules.com>.

Mr. Allison spends about 10 - 20% of his time working for RIA Rules, LLC and about 80 - 90% of his time working for Marian Financial Services, Inc. RIA Rules, LLC was formerly known as First Coast Planning from March 2015 until February 2020. First Coast Planning, LLC was formerly known as Rick Johnson Family Office LLC from August of 2004 until March of 2015. RIA Rules, LLC is not affiliated with Marian Financial Services, Inc. However, both firms are owned 100% by Mr. Allison.

INI REALTY REFERRAL, INC.

Mr. Allison is a real estate sales associate licensed with INI Realty Referral, Inc. located at 3603 Cardinal Point Dr., Jacksonville, FL 32257. Their web site is located at <http://www.inirealtyinvestments.com>. INI Realty Referral, Inc. has no affiliation with Marian Financial Services, Inc.

From time to time, Mr. Allison runs across clients and prospects who may be selling their real estate or looking to buy real estate, including businesses. He seeks to assist anyone who needs help with these activities. He will earn a split of the standard real estate commission for this activity. He spends less than 5% of his time in this activity.

INSURANCE AGENT

Mr. Allison may as a part of an overall financial plan recommend insurance products that pay commissions. He will earn the standard insurance company commissions for these activities as any Florida 2-15 agent would earn. He spends less than 5% of his time in this activity.

Item 5 - Additional Compensation

401(K) COMPENSATION

Mr. Allison receives a 401(k) employer matching contribution plus a discretionary profit-sharing contribution in addition to his salary for his efforts in running the firm.

Item 6 - Supervision

Mr. Allison is a 100% owner of Marian Financial Services, Inc. and is self-supervised.

Item 7 - Additional Disclosure Requirements for State-Registered Advisers
